Dear Parents, warm greetings,

The long awaited summer vacation is here, bringing with it the gift of togetherness that is spent in exploring books, watching informative programmes and playing games. While fun is intrinsic to their age, fruitful occupation of their time is of vital importance for their growth. Let me share some tips to make this period fruitful and happy for your little ones.

1. Help your child in placing water pots for the birds in the garden and changing the water every day.
2. Encourage your child to water the plants if you have them at home.
3. Go for walk or picnic and take pictures and make an album at home.
4. Discuss good nutrition habits with a food pyramid. Start naming the food groups when you serve them. Soon your child will learn the name of the different foods.

Story Telling Time

1. Read the story to your child. Make this a warm and loving time when the two of you can cuddle close together. Bed time is an especially great time for reading together.
2. Tell your child how much you enjoy reading with him /her. Look forward to this time you spent together. Talk about 'story time' as the best time of the day.

Subject

1. **English:** Make your child read and do cursive writing practice from Page no.13,14,26, 27 & 28 in English practice zone book and page no. 9,11,13,15,17 from English Reader Book. Kindly read and complete the given worksheets.
2. **Hindi:** Make your child read and do writing practice from Abhyas Pustika page no.23-48, 50-81 and Pg. No. 3-15 from Swar Gyan book.
Note: Practice Hindi writing in single line copy and English cursive writing in four-line rough copy.
3. **Mathematics:** Learn the tables of 5&6. Revise and learn number names 1-50.
4. **E.V.S-** work in scrap book.
 - Draw or paste five pictures of living things, non living things, fruits and vegetables.
 - Collect five different kinds of leaves and let them dry and paste them in scrap book.
5. **Drawing :** Colour the given pictures.
